

SUBHASH KUMAR
Chairman, Advisory Board

Mr. Subhash Kumar epitomizes excellence and leadership in the energy industry, with over 38 years of unparalleled experience spanning India and the global arena. His illustrious career culminated in distinguished roles, including Chairman and Managing Director at ONGC, where he orchestrated transformative strategies that propelled the company to unprecedented heights.

A luminary in his field, Mr. Kumar's influence extends far beyond corporate boardrooms. He has left an indelible mark on the energy landscape through his visionary leadership and unwavering commitment to sustainability. His tenure at ONGC saw the company's expansion from a single asset to a formidable portfolio comprising approximately 40 assets worldwide, a testament to his strategic acumen and unparalleled foresight.

Mr. Kumar's contributions transcend organizational boundaries, as evidenced by his pivotal role in global acquisitions and his active engagement with prestigious industry bodies. As President of Global Compact India, he championed sustainable business practices, driving initiatives that fostered environmental stewardship and social responsibility.

A trailblazer in the energy transition movement, Mr. Kumar has been at the forefront of shaping the discourse on renewable energy and decarbonization. His past directorship at ACME Solar Holdings underscored his commitment to driving innovation in green energy solutions, with a particular focus on pioneering advancements in green hydrogen and hydrogen derivatives.

Beyond his corporate engagements, Mr. Kumar is a beacon of guidance and mentorship, lending his expertise to diverse stakeholders across the energy spectrum. His advisory roles with the Indian Sugar Mills Association and strategic mentoring of bio-fuel enterprises exemplify his dedication to catalyzing sustainable transformation across industries.

Mr. Kumar's recent appointment as Director General of ACE marks yet another milestone in his illustrious career, underscoring his pivotal role in steering the Association of CGD Entities towards a future defined by clean, accessible energy solutions. His relentless pursuit of excellence and his unwavering commitment to a fair, smooth, and orderly energy transition make him a towering figure in the global energy landscape.

In essence, Mr. Subhash Kumar's profile is not just impressive; it is a testament to visionary leadership, unwavering dedication, and a steadfast commitment to shaping a sustainable future for generations to come.
